Dissending Proposals

(1)

Please refer to your letter No. 282/AS/74/53757, dated 6-10-74 regarding delimitation of Constituencies in Assam.

I am sending herewith my suggestions together with reasons for the same for '1-Cachar District' with regard to the Assembly Constituencies 1 and 4

CACHAR DISTRICT

(Assembly Constituency Nos. 1 and 4)

The proposed reservation of No. 1 "RATABARI" (S.C.) Constituency & thereby releasing No. 4 "KARIMGANJ SOUTH" from Scheduled Caste reservation has rectified a mistake done

in the last delimitation. Now the reservation has come to PATABARI THANA which has the highest Scheduled Caste population. But in doing so the area locally known as " SONEBEEL " which has the largest concentration of Scheduled Caste population & particularly of refugees origin have been divided between the two proposed constituencies Nos. 1 and 4. This has resulted in under concentration of Scheduled Caste people in No. 1. RATABARI (S.C.) which is proposed to be reserved for the Scheduled Caste & consequently the Scheduled Caste villages without geographical and real contiguity have been put to No. '4' Karimganj South. In order to rectify this item No. 1 of the Appendix for Cachar need a change and with this change the two Constituencies Nos. 1 and 4 shall be as attached herewith. This will increase the population of Scheduled Caste from 20.20% to 25.70% quite apart ensuring better physical and geographical contiguity and communication facilities.

Please refer to your letter No.282/AS/74/53757, Dated 6-10-74 regarding delimitation of Constituencies in Assam.

I am sending herewith my suggestions together with reasons for the same for 'I-Cachar District' with regard to the Assembly Constituencies 6 and 7.

1. CACHAR DISTRICT

(Assembly Constituencies Nos. 6 and 7)

There are two towns in the Hailakandi Sub-division in Cachar District where proposed Assembly Constituencies 6, 7 and 8 are situated. Both these towns Lala and Hailakandi have been put in the same Constituency, viz. 'No. 6 Hailakandi South'. This will not find favour either with the urban or the rural people. All the activities of Katlicherra thana is round Lala town and as a matter of fact it was in the former Katlicherra Constituency in the 1966 delimitation. The population gap in the proposed Constituencies 6 and 7 are wide without any reason or difficulties. If Lala town is excluded from No. 6 Hailakandi North and included in No. 7 Katlicherra this will take care of the above problems. Hence the modification suggested herewith

(4)

Please refer to your letter No, 282/AS/74/53757, dated 6-10-74 regarding delimitation in Assam.

I am sending herewith my suggestions together with reasons for the same with regard to the Assembly constituencies 34 and 35 in '4—Goalpara District'.

GOALPARA DISTRICT

(Assembly Constituencies 34 and 35)

The proposed Constituencies 34 and 35 have by giving a general seat has redressed an old grievance of the people of the Abhayapuri Thana which was hitherto under reservation for more than two decades. But instead of dividing it north and south as proposed the same should be done East and West to improve the position of the Scheduled Caste in the reserve constituency and to help communication facilities and geographical contiguities. The people of the Southern part of the Thana are the residents in reverine areas of Manas, Aic and Brahmaputra and they are almost homogenous on the contrary the people in the western side consist of more Scheduled Caste and other backward people. The amendment suggested in these two constituencies together with their names would result in the following position:

According to my revised proposals Abhayapuri East Constituency shall have a total population of 1,14,646 of which Scheduled Caste population is 10,630 (9.27 percent) and Abhayapuri West Constituency shall have a population of 1,16,343 with a Scheduled Caste population of 18,285 (15.71 percent). If Abhayapuri West Constituency be reserved for Scheduled Caste greater number of Scheduled Caste people shall enjoy more benefit.

It appears from the proposed draft of delimitation of the Assembly Constitution for Assam State some adjustments in the constituencies namely 49-Chaygaon, 50-Palasbari and 54-Gauhati are needed which will be beneficial to the people of these constituencies. This adjustment will no way carry deviation from the principles adopted for delimitation of constituencies but will be appropriate. The existing constituencies of Chaygaon and Palasbari were delimited in the last time on the same principles. As such it will be appropriate if these constituencies be kept intact as before without any disturbance.

In the draft proposal the Dekhin Sintargear mouza, which was in the existing Chaygaon constituency, has been included in the 50-Palasbari constituency. My suggestion is that this mouza should be included in the proposed constituency of 49-Chaygaon.

The Bhologor Mouza, which was in the existing Palasbari constituency has been included in the proposed draft constituency of 54-Gauhati West. My suggestion is that this Mouza should be included in the proposed constituency of 50-Palasbari.

The above suggestion is given because of the fact that there will be geographical contiguity and similar habitation of people will be grouped together. It also appears from the draft proposal that population in each constituency ranges from 105,000 to 137,000 (approximately) and as per above suggestion if the adjustment is made the constituencies will remain within the proposed range of population.

If the suggestion is accepted the constituencies mentioned above after adjustment will stand as follows :

49-Chaygaon	S.C.		S.T.
Chaygaon Thana	106,923	7,138	11,987
Benagaon Mouza in	25,533	680	9,544

Subdivision.	132,506	7,818	21,531

50-Palasbari	107,223	7,582	13,222
Palasbari Thana			
excluding Dakhin			
Rani and Ramcharani			
Mouza			

54-Gauhati West	110,553

As proposed in the draft proposal except Bholagaon
Mouza of Palasbari Thana in Gauhati Subdivision.

BOKO (Boko) Thana ex- cluding Bongaon & (Chamarua mouzas)	1,13,633	7582 (6.76%)	29917 (26%)	Boko should be a general constituency in view of percentage of Sched- uled Caste popula- tion is less than Hajo constituency. The po- pulation of proposed Hajo Constituency is 11.50%. Chamarua mouza is contiguous to proposed Chaygaon constituency. There- fore, Chamarua mouza should be tagged with Chaygaon.

—(6)—

Most respectfully, we beg to submit that while delimiting the Assembly Constituencies in the Mangaldoi Subdivision in Darrang District due consideration has not been given to the geographical contiguity and natural barriers. We would therefore, humbly request you kindly to re-adjust the delimitation keeping in view the contiguity and natural barriers as follows :—

2. Samabari (Part) Mouza of Mangaldoi Thana.

In Census Book the number of Scheduled Caste people in Samabari (part) Mouza of Mangaldoi Thana is shown as 1588 by totalling village wise figures. The figure of 808 against Majgaon No. 1 under column 3 is wrong. This figure of 808 should come under column 4 as there is no single Scheduled Caste man in that village. It is entirely a Tribal village inhabited by Kachari and Boro.

People. In Panchayat election this village and another formed one member constituency and was reserved for Scheduled Caste. But election could not be held as there was not a single Scheduled Caste person to file nomination let alone contesting the election. On being pointed out the local authority made inquiry on the spot and also from revenue records and voter lists Panchayat election have been stayed pending formal orders. Likewise Borodown Moza 5 also Tribal village (ST) and there is no scheduled caste people. I have shown the figure as 699 ignoring 889 from the shown figure of 1588. As the case of this village has been brought to the notice of S.D.O. Mangalodi the fact of mistake in putting 889 under column 3 in place of column 4 has been officially taken cognizance of the percentage of Scheduled Caste people shown in the working paper is not correct. It is a little over 8 per cent only.

NOTE.—The ground of contiguous Mouzas shown under Mangalodi constituency contain the largest concentration of Schedule Caste population in the Mangalodi sub-division being 10.35 per cent as against sub-division percentage of 4.19 per cent. The Silpota Mouza under Kalaigaon P.S. contains second higher Scheduled Caste population mauza wise but it could not be grouped with Mangalodi being separated by another Mauzas. In the working paper Mangalodi seat was shown to comprise of Mauzas with almost exclusively non Scheduled Cast people and these Mauzas were never brought under a reserve seat before as the composition of the population did not justify it.

As a matter of fact Mangalodi sub-division with a Schedule Caste population of only 35000 being meagre 4.19 per cent of the total population should not be singled out for allotment of Scheduled Caste Reserve seat while there are other sub-division and areas with much larger of people belonging to Scheduled Caste. The local people have been greatly agitated over it. Even the other sub-division of Darrang district, namely, Texpur has a Scheduled Caste population of 42153 (4.65). The Scheduled Tribes population in Mangalodi sub-division is 128,494 (15.39 per cent) compared to 35020 Scheduled Caste people (4.19 per cent). Udalguri constituency has been shown as Scheduled Tribes Reserve seat in the present. If another Reserve seat is to be made in Mangalodi sub-division, there may be some justification for this. Khairabari constituency with 33.39 per cent Scheduled Tribe population may be thought of. And, again allocation of Reserve Seats only to Mangalodi sub-division with 7 (Seven) seats, as proposed, and none to Tezpur sub-division which has been given seats as per the working paper, although having a larger Scheduled Caste population than Mangalodi, will not be fair. Mangalodi sub-division should be spared of one Reserve seat this time and it should not always be burdened with it unjustifiably.

The shortfall of one Scheduled Caste Reserve seat may be made good by making one more Scheduled Caste seat in Kamrup district which has a Scheduled Caste population of 1,64,762 (compare Nowgong which get 2 (two) Scheduled Caste Reserve seats with a population of 1,67,263 Scheduled Caste people). Allotment of Scheduled Tribes Reserve seat to Kamrup district has not been proportionate to its Scheduled Tribe population of 2,98,000. In short Kamrup district with the highest number of constituencies that is 24 should get a larger quota of reserved seats which is also justified by the population figure of Scheduled Caste and Scheduled Tribe. In the working paper only 3 Reserved seat have been proposed in this district which should actually be at least 4 (four). The gain of one Scheduled Tribes Reserve seat in Mangalodi sub-division may be utilised for reducing such reserved seats to 2 (two) from 3 in Lakhimpur district where quota of reserve seats appears to be disproportionate to its population as will be evident from a glance in the pages relating to this district. Dhemaaji constituency has much larger general population.

Proposals are made by consulting and comparing the map. The areas have been made compact and contiguous.

As there has been no increase of Assembly Constituencies as per Working Papers in the (8) Sibsagar District. Therefore, we suggest that as far as practicable status quo of the existing constituencies be maintained.

2. In the last delimitation Commission there was no break up of the Sub-division in the District in the delimiting constituencies.

3. For administrative convenience, it is convenient to have constituencies as far as practicable within the Sub-division.

4. Recently, the Assam Panchayat Act, 1972 has also transferred to Mahkuma Parishad (based on Sub-divisions) including planning and implementation of the schemes under the plans.

5. In case of break up of constituencies, the representatives have to function and to deal with Subdivisional Authority in all respects and thereby it will not possible for the representative to do justice to his people.

6. Taking into consideration compactness of geographical areas, common physical features existing boundaries of administrative units, facilities of communication and public convenience as laid down in section 9-A of the Delimitation Act, we suggest you to maintain the boundaries of the existing 16 Assembly constituencies in the Sibsagar District with minor adjustment, which confirm to the guidelines stated above.

7. It appears that in the Working Paper there has been break up of administrative unit that is Sub-division in 97 Dergaon Assembly Constituency. The constituency as has been delimited consists of Mauzas of Jorhat and Golaghat Sub-divisions in case of breakup of administrative unit there will be great difficulties for the elected representatives as he has to deal with two Subdivisional Authorities in all respects and thereby he cannot do justice to his electorate we therefore, suggest that the constituencies in the 8 Sibsagar District may be delimited as follows :

Sd- TARUN GOGOI, M. P.
 PROMODE GOGOI, MLA,
 Associate Members.

Draft report on delimitation of Assembly and Parliamentary Constituencies published by the Govt. this year creates resentment among all the sections of the people of Lakhimpur District in general and Dhemaji Sub-division in particular and so we the undersigned public representatives of the Dhemaji sub-division beg to request you kindly to go into the details of the matter and to do the needful as per suggestions put forward below:—

1. That Sir, we have no objection to the proposal for constitution 6 (six) Assembly Constituencies for the Lakhimpur District of Assam 3 (three) for North Lakhimpur sub-division and 3 (three) for Dhemaji Sub-division. Only we are feeling distressed that all the 3 (three) constituencies proposed for Dhemaji Sub-division are proposed as Reserved constituencies. According to the Census report of 1971, the total of the population in the Sub-division is 3, 13, 175, Scheduled Caste population is 12,464, the Scheduled Tribes population is 1,31,758 and the rest is the General Population. The percentage of the general population is being 47.03%. During the last quarter of a Century of Independence this Sub-division is always made reserved in respect of Assembly Constituencies. Therefore the General Population of the Sub-division naturally feel dissatisfied being deprived of their democratic rights and due privilege.

We, therefore, propose that some minor re-adjustment of boundary and population be allowed and one of the three constituencies be made general for this purpose. The re-adjustment in between the 112 Dhakua-Khana and 113 Dhemaji Constituencies shown in Annexure "1" may kindly be accepted and the 113 Dhemaji Constituency be made general so as to enable the general population of the Sub-division feel secured in expressing their democratic views and establishing legitimate rights. Gaon Panchayat-wise population figures are shown in Annexure "2".

2. That Sir, the proposal of dividing 6 (six) Assembly Constituencies of Lakhimpur District into two parts, 3 (three) Constituencies linked up with Dibrugarh and 3 (three) with Darrang also is quite detrimental towards the development of this District. During the last quarter of a century after Independence the fate of this district was always so and the District remains backward most in the State of Assam. Therefore, we request you kindly to constitute a Parliamentary Constituency with the 6 (six) Assembly constituencies of this District plus 2 (two) contiguous Assembly Constituencies say Gohpur and Bhilai from Darrang District. If such a arrangement is made it will surely be helpful for the development of this eastern most backward part of the country.

Total Population		3,23,175	12,464	1,33,758

With due respect I beg to lay before you the following points for favour of your sympathetic consideration and favourable decision.

The Election Commission had been pleased to make provision by allotting a Scheduled Caste Reserved Assembly seat (L.A. No. 112, Nowboicha) in the district of Lakhimpur at the time of general election of 1967 and located as L.A. No. 112 (Nowboicha) as Scheduled Caste Reserved Constituency. I was elected in 1972 from this seat and has been representing the Scheduled Caste people of the district since then.

Now, I, on behalf of the Scheduled Castes people of Lakhimpur earnestly appeal before you to review the matter with compassion by revising the decision of withdrawal of the Scheduled Caste Reserved seat from this district and to re-allot the said seat either in L.A. No. 110 (Nowboicha), or in L.A. No. 111 (Lakhimpur Constituency) considering the facts stated here.

1. According to the report of the last census, the percentage of Scheduled Castes population of Lakhimpur district is 5.75. The percentage of Scheduled Castes population in Darrang, Kamrup, Sibsagar and Goalpara districts of Assam is comparatively lower; but in spite of low percentage the Delimitation Commission has made provision for a reserved seat in each of the 80 districts whereas the interest of the Lakhimpur district is neglected by withdrawing the seat without any justified ground. It is my humble appeal to you to transfer and to re-allot one of the Scheduled caste reserved Seats to this district.

2. In this connection I would like to state that the percentage of Scheduled Caste population in L.A. No. 67 State (Mangaldoi) of Darrang District is 9.33 and the percentage of Scheduled Caste population L.A. No. 111 (Lakhimpur Constituency of Lakhimpur district) is 9.36. According to principle and decision, this Lakhimpur seat (L.A. 111) should have been declared a Reserved Scheduled Caste Constituency instead of Mangaldoi Constituency (L.A. No. 67) of Darrang District.

3. Considering the geographical situation and Panchayat administrative aspect, the Delimitation Commission has been pleased to relax the principle and has deviated from it in reorganising the three constituencies viz., L.A. No. 109 (Bihpuria) and L.A. No. 110 (Nowboicha) and L.A. 111 (Lakhimpur) the Bangalamora Gaon Panchayat was constituted under Bihpuria Block of Bihpuria L.A. 109 Constituency and with the part of the Lalukamora of Nowboicha Constituency L.A. 110. Likewise a part of the population of Laluk Mouza was included in the proposed Bihpuria Constituency. Hence the population L.A. No. 609 (Bihpuria) has come to 1,23,330. If Bangalamore Gaon Panchayat having a population of 10,916 under Laluk Mouza is transferred from Nowboicha and Kamalaboria Mouza having 8862 population is included L.A. No. 110 (Nowboicha Constituency) will show a population figure of 1,28,999. The percentage of Scheduled Caste people in Nowboicha Constituency will be 9.39. So, a claim to retain Nowboicha as Reserved Scheduled Caste Constituency will never be unjustified. It, on the other hand Kamalaboria Mouza having a population of 8862 under L.A. No. 111 (Lakhimpur) is excluded and Kadam Mouza under Kadam Gaon Panchayat having a population of 1,15,751. (The revised lists of population are annexed herewith in Annexures Nos. I, II, III and IV.

4. This political privilege is ensured in Constitution by providing a number of Legislative Assembly and Parliamentary seats with a view to give facilities for uplift the scheduled caste people of the country in the field of politics as well as in the spheres of education and economic development. The scope is not equally offered in all localities. The Nowgong District has been given enough scope of development by allotting two reserved Scheduled Caste Assembly seats and one Reserved Parliamentary seat. While Lakhimpur and Dibrugarh, these two backward districts in all respects have been neglected and deprived of the privileges, so, I would pray your honour to reallot an Assembly seat in the Lakhimpur district by revising the proposal of allotment of two assembly seats in Nowgong District.

5. The total population of Nowgong District is 16,80,895 while the figures of Scheduled Caste and Scheduled Tribes population are 1,64,762 and 1,25,115 respectively, it has come to our notice that the Delimitation Commission has granted two assembly seats and one Parliamentary seats for Scheduled population Scheduled Tribes of 1,64,762 while the justified claim and demand for a population of 1,25,115 have been ignored.

In this connection I would like to offer my humble suggestion that by converting L.A. No. 79 (Jagi road Constituency) to Reserved Scheduled Tribes seat, the proposed scheduled Caste seat might be shifted either to L.A. No. 11 (Lakhimpur) or to L.A. No. 110 (Nowboicha Assembly seat). The Scheduled Tribe population of L.A. No. 79 (Jagiroad) seat is 20.69 P.C.

6. Assam is a backward State of India and the Lakhimpur District lagging far behind the other districts of the State. The Scheduled Castes people of Assam are backward and weak in all respect and the Scheduled Caste people of Lakhimpur are particularly backward, economically, politically and educationally. These people have found no scope for any development. Under the above circumstances I request the Delimitation Commission to extend sympathetic consideration by retaining the Reserved seat either in Lakhimpur (L.A. No. 111) or

in November (L.A. No. 110) even by increasing the number of Assembly seats in Assam in order to provide facilities to the age long down trodden Scheduled Caste people of the Lakhimpur District. I hope my prayer will not be turned down and will be entertained with favour and sympathy.

ANNEXURE (I)

Taking the draft proposals for delimitation of Parliamentary Constituencies of Assam I would in respect of Nos. 5 and 7 suggest the following adjustments in the interest of homogeneity, convenience of Administrative boundaries, geographical difficulties, affinity of the people and other advantages. I hope and pray that the suggestions will find favour with the Commission.

Suggestions:-

Assembly Constituencies 42-Patacharkuchi, 41 Bhabanipur and 46 sarakhetri should be taken out of Parliamentary Constituency. 5-Barpera and instesd' 47-Cheugo, Sar60-Barkhetri and 55-Hajo from Nalbari included therein.

We humbly feel that we should reiterate and specifically bring to the kind notice of the Commission that the Schedule Caste Reserve Lok Sabha seat had been there in the Hailakandi and Karimganj Sub-divisions of the District of Cachar for a long time and there is only one reserve seat for Schedule Caste in the whole of the State. This need be changed to the other part of the district i. e. in Silchar Sub-division. As proposed by the Associate Member if two constituencies are given in the Lok Sabha for the district of Cachar exclusively we strongly urge that the Schedule Caste reserve seat be curbed out of Silchar Sub-division by including the 7 Assembly Constituencies there and the general seat be curbed out by including the 8 seats in the Karimganj and Hailakandi Sub-divisions (numbering Assembly Constituencies 1 to 7). For the sake justice equity and fair play although our proposed Schedule Caste seat will have slightly less Schedule Caste population (something like, 11.13 as against 12.8%) this may kindly be accepted. In fact the Commission has already agree in its draft proposal to go to the next highest S. C. seat for the reasons of justice and fairplay.

1. The residual seat hitherto undistributed to any State and kept for future contingencies be given to Assam.
2. Thus raising the number of seats for Assam from 14 to 15.
3. That this increased seat be kept reserved for the Scheduled Tribes residing in the autonomous districts of North Cachar Hills, and Mikir Hills.
4. That the said reserved seat be confined within these two autonomous districts only (and not outside) and ,
5. That of the remaining 14 seats two may be allotted to Cachar District and the remaining 12 seats be allotted to the Assam Valley districts other than the two Autonomous Districts with a multiple of 7 to 9 Assembly constituencies as the physical and other factors would distate.

In the alternative we humbly submit to the commission that in view of the 'geographical position of the Tribal people of Mikir Hills and North cahar Hills, their language difficulties with the rest of Assam and in particular with the pepole of Cachar who are Bengali speaking and also in view of their ethnic and other distinctive affinities it is not paracticable to deilimit the constituency in which the tribal e pepole would be tagge with merely 8 lakhs of plain pepole. In fact the Tribal pepole of the areas strongly feel that they would not be able to send a representative to the parliament who will as they feel would not answer to their aspirations in as much as that only a person who will have support of overwhelming majority of Plains pepole will get elected. on the contrary geographipcal position and physical feature as they are, the pepole of Cachar cannot jump over these Hills areas and be tagged with nowgong which will be the next plaint district. We there fore, suggest as the pcesent position is, two seats in parliament be allotted to Cachar district and one exclusively to the autonomous districts and the remaining seats be distributed to the rest of the state.

In view of the fact that the areas comprising of Hailakandi and karimgang Subdivisions in the district of Cahar are under the reservation for schedule caste for many years continuously, we feel that same be shifted to the other part of the district, namely silchar subdivision.

Therefore we suggest that the scheduled Caste reservation be shifted to the silchar subdivision in the district of Cachar .

We, accordingly herewith submit our alternative proposal, for delimitation of parliamentary constituencies in Assam. We hope and pray this will find favour for acceptance by the Commission.

The Election Commission mets its Associate Members on 28-3-73 on the basis of a note circulated under No. 282/73 (2), deated 20th March 1973. It was given out there that out of 525 seats in the parliament after keeping apart one seat to meet 'future contingencies' and 17 seats for Himachal Pradesh (4), Manipur (2), Meghalaya (2) Tripura (2), Nagaland (2) and J and K state (6) the remaining 507 seats would be distributed to rest of India on the basis of an average population of 1,043, 475.

It was further proposed that on this basis Assam would get 14 setas but no seat would be reserved for the schedule tribes numbering 262,622 living in the two autonomous districts of Mikir Hills and North Cahar Hills in Assam as they formed only . 0180 per cent of the total population.

Thereafter a demand was voiced on behalf of the Scheduled Tribe in autonomous districts and others that they should be given a reserved seat confined within the said two autonomous districts but in doing so it would not be prudent and just to deprive the non-scheduled Tribe people of Assam numbering about 8 lakhs from the benefit of a seat which they would get legitimately and their right to become a Member of the parliament. It was urged that the one seat kept for future contingencies should be given to them to be confined within the said two autonomous districts which would really be at part with the liberal treatment given to the Scheduled Tribes of the neighbouring areas as was evident from the facts that populations numbering 4,54,601 in Nagaland, 814,230 in Meghalaya, 3,34,466 in Manipur 4,50,544 in Tripura, 313,299 in Mizoram and 3,69,408 in Arunachal were allotted 1, 2, 1, 1, 1 and 1 seats respectively in Lok Sabha over and over representations in the Rajya Sabha. Shri B. Engty, M. P. representing Scheduled Tribe reserve seat from Assam submitted a memorandum to you and the Home Minister on 6-4-73 and urged that the said residual one seat kept apart for future contingencies might be allotted to Assam, thus raising its total allocation to 13 from 14 seats and this extra seat might be confined only to the districts of Mikir Hills and North Cachar Hills and be reserved for the Scheduled Tribes.

When the Constitution (Thirty First Amendment) Bill, 1973 came up for discussion some of us made the same demand as those of Shri Biren Engty. An official amendment in the shape of a provision to Article 330 was brought in hurriedly in course of the discussion by Shri Nitiraj Singh, Minister whereby the Scheduled Tribes of Assam residing in autonomous districts were assured of a representation in the Lok Sabha irrespective of their number. At that time it was given out that this reserved seat would be confined to the two autonomous districts of North Cachar Hills and Mikir Hills and that the undistributed seat would be given to them. A reading of the amended clause of Article 330 would lead to the conclusion that the reserve seat must be confined within the Scheduled districts. Even if some one differs on this interpretation purely on terminology, even then one must admit that was and should be the intention. And in any case nothing in the language of the Article or Law prevent the Election Commission or Delimitation Commission in giving such a liberal interpretation. When Commission can delimit Parliamentary Constituencies with 8 Assembly constituencies in one case and in another with 10 they can equally delimit the Scheduled Tribe Reserve Parliamentary Constituency with 5 Scheduled Tribe Reserve Assembly constituencies only.

But now it is understood that not only that contingent seat has not been given to Assam but on the contrary a reserve seat is sought to be curbed out with an areas of the district of Cachar, an area not resided by Scheduled Tribe in autonomous district.

The Autonomous Districts (S.T.) Reserve seat in the 1966 Delimitation order consisted of only Scheduled Tribe reserved Assembly constituencies within autonomous districts only. If now this is to be reversed and the Scheduled Tribe numbering 2,62,622 residing in the two autonomous districts who are non-scheduled tribes and living in non-autonomous districts it will never be possible for the Scheduled Tribes in the autonomous districts to get themselves represented by persons who will work for fulfilling their hopes and aspirations. If the representation is given in the parliament to help them to retain their tribal character and ways of life this will be completely frustrated.

On the contrary Cachar district which is at present having two seats in the Parliament (No. 1 Cachar and No. 2 Karimganj) even according to the 1966 delimitation order is to be deprived of one of its seats it will have a serious repercussion in a Bengali speaking district with all its problems and peculiarities and geographical isolation. Not only, this, for the purpose of delimitation a part of Cachar will have to take minimum 10 Assembly constituencies when rest of the Valley will have to take generally 8 and 9 Assembly constituencies as none of the Cachar Assembly constituencies will have geographical continuity beyond the autonomous districts. All these will merely strengthen the demand for separation of Cachar which is already there as with much less population not only the neighbouring tribal areas like Mizoram, Meghalaya, Nagaland etc. but even the non-tribal areas like Manipur and Tripura are getting much more onerous treatment in the matter of representation in both the Houses of Parliament.

In a situation where the policy of representation and the apparent discrimination arises out of it in the north eastern region is conscious it is only proper that the Scheduled Tribes in these two districts should be given the residual seat as reserve seat to be confined exclusively within these districts.

Of the remaining 14 seats, 2 seats should go to Cachar as is the case now to be formed as parliamentary constituencies with 7 and 8 Assembly constituencies. When even now the proposals to form the parliamentary constituencies in Assam with 8 to 10 Assembly constituencies have been found to be feasible with same logic parliamentary constituencies can be formed with 7 to 9 Assembly constituencies for Cachar and the Valley minus the two autonomous districts. This need not necessarily require increasing the Assembly constituencies from 126.
